DAFFA MAHARDIKA AUZAN PUTRA

+6287876122015 | daffamahardikaauzan@gmail.com | https://www.linkedin.com/in/daffamap
Tangerang Selatan, Banten, Indonesia

Fresh graduate Electrical Engineering at Diponegoro University. Experienced in Electrical Engineering committee activities. High enthusiasm and willingness to learn to develop non-technical skills through training or broaden knowledge to grow in Process Control Engineering. Experienced in teamwork, public speaking, and several committee events. Interested in Control System Technology, following Industry 5.0 developments, and taking courses on control systems.

Pendidikan

Universitas Diponegoro - **Semarang, Jawa Tengah, Indonesia** Aug 2022 - Sep 2026

Bachelor of Engineering, 3.26/4.00

- Relevant Coursework: Electrical Protection Systems, SCADA & PLC Systems, Power Distribution, Control Systems, Industrial Automation, Embedded Systems, Microcontroller Systems, Power System Analysis.
- Final Project: Centralized Logic Control Design and Fail-Safe Protection Mechanism in a Lift, Rotary, and Slider-Based Vertical Parking System.

Pengalaman Profesional

PT. Angkasa Pura Indonesia - **Tangerang City, Banten, Indonesia** Jan 2025 - Feb 2025

Internship

- Internship Experience As an Electrical Protection Engineer at Soekarno-Hatta International Airport, Tangerang, Banten, Indonesia
- Assisted in the maintenance and inspection of electrical protection systems, including relays, SCADA, PLC, and fiber optic.
- Successfully assisted in implementing safety measures, enhancing workplace electrical safety standards.
- Participated in routine testing and commissioning of electrical protection devices in compliance with safety regulations.
- Collaborated with senior technicians to monitor and optimize power distribution systems.
- Learned to interpret technical schematics and relay coordination diagrams for effective troubleshooting.

PT. IAS Support Indonesia - **Tangerang City, Banten, Indonesia** Jul 2025 - Aug 2025

Internship

- GIS Substation Division (2 Weeks) : Assisted in the operational monitoring and routine maintenance of gas-insulated switchgear (GIS) and high-voltage components to ensure system reliability.
- Power Station 1 Division (2 Weeks) : Supported the technical team in supervising power generation processes and performed maintenance on generators for medium-voltage requirements, including routine preventive inspections on electrical distribution units.
- Electrical Protection Division (1 Month): Gained hands-on experience in testing, calibrating, and troubleshooting protection relays and control circuits, while assisting in the monitoring and configuration of PLC and SCADA Systems to ensure power system stability and automation.

Organizational & Leadership Experience

Electrical Tesla Event - **Semarang, Jawa Tengah** Sep 2024 - Nov 2024

Sponsorship Coordinator Staff

- Planned sponsorship strategies, including identifying potential sponsors, creating proposals, and defining sponsorship packages. Coordinated with internal stakeholders, including the chairman and committee, and conducted team training. Executed contracts and managed financial implementation to develop brand identity and facilitate event execution.

Biro Teknik Kontrol Otomat (TKO) - **Semarang, Jawa Tengah** Jan 2025 - Dec 2025

Student Development Division Staff

- Organised and facilitated technical training sessions, workshops, and skill development programs in control engineering and automation for electrical engineering students.
- Coordinated student competency enhancement initiatives, fostering active engagement and practical knowledge sharing within the department.

Skills, Certifications, and Awards

- **Webinars Attended** (2024): Automation Clinic Motor Protection and Control
- **Internship Ceritficate** (2025): Internship Certificate as an Electrical Protection Unit at PT. Angkasa Pura Indonesia
- **Internship Ceritficate** (2025): Internship Certificate (2026): Electrical Engineering Intern at PT IAS Support Indonesia
- **TOEFL EPT Certificate** (2026): Achieved a score of 586/677 in the English Proficiency Test (EPT) administered by Service English Unit (SEU), Diponegoro University.
